RIGA AND WARSAW THREATENED BY TEUTONIC DRIVE

BERLIN, July 20th--The great German offensive is shown by latest official reports to be seriously threatening the Russian possession of Warsaw. The evacuation of the Polish capital is near, is the opinion of observers, as from the north and south Teutonic pressure is being exerted with seemingly irresistible force. The Germans claim to have advanced to within twenty miles of Warsaw. Windau and Courland were captured by the Germans, who are advancing toward Riga. This movement in the Baltic provinces is rendering the Russian lines to the south still more insecure.

FIVE THOUSAND EMPLOYEES OF STANDARD OIL CO. ON STRIKE

More Evidence of German Interference with Workmen--Remington Situation Is Better

(By Associated Press.)
NEW YORK, July 20.—Virtually every workman in the Standard Oil company's Constable Hook plant at Bayonne went on strike today. Some shots were fired this morning when a few men insisted on going to work. Six were arrested. The strike trouble started a week ago when a small force of still cleaners went out because their wages were not raised. Men in other departments followed from day to day.

REMINGTON ARMS SITUATION IMPROVED

(By Associated Press.)
BRIDGEPORT, Conn., July 20.—While the labor leaders have announced that approximately a thousand machinists employed by the Remington Arms and Ammunition company and by sub-contractors have walked out on strike, the indications were that difficulty in accomplishing the aim of the union men has been experienced in some of the plants. An official of the Remington company denied that any of the men had struck. It is rumored that the machinists were offered an eight-hour day and other concessions and decided to remain. The sub-contractors admitted that their machinists had walked out. Among the sub-contracting firms is the Gaynor Manufacturing company, which is making bullets for the allies.

DIVIDEND NO. FOUR ORDERED BY JUMBO

Charles S. Sprague Is Re-elected President of Goldfield Mining Company

(Special to the Bonanza.)
GOLDFIELD, July 20.—The annual meeting of the Jumbo Extension Mining company, held yesterday afternoon at Phoenix, Ariz., resulted in the election of the following: Charles S. Sprague, president; J. K. Turner, vice-president; Ben Gill, secretary and treasurer, and A. L. D'Arcy and Wilford P. Ward with the foregoing officers on the board of directors.
Ward represents the Untermyer, or eastern, interests which have become so largely identified with the Jumbo Extension, and D'Arcy is the representative of Wingfield, the largest owner of stock in the company through voting the 300,000 shares received by the Reorganized Booth in settlement of the apex litigation. Ward is one of the best known men in the New York industrial field as he is reputed to be worth over \$10,000,000 acquired lately through operations in Colorado Fuel and Iron company before that corporation passed into the hands of Rockefeller.
The election of Mr. Sprague was unanimous and this fact sets at rest all rumors of bad feeling between the eastern and western stockholders. It is also accepted as complete vindication of the management of Mr. Sprague, who piloted the company through all its serious troubles when as vice-president and general manager he adroitly consummated a settlement of a condition which at one time appeared very drastic for the Jumbo Extension. Mr. Sprague became manager of the company at a time when the stock was selling around 13 cents and was chiefly instrumental in bringing it to the present position as one of the leading stocks traded in on the New York curb and San Francisco stock exchange.
The directors also authorized a dividend of one-half cent a share, payable September 1. This will be dividend No. 4.

AUTOISTS ENJOYING THE MIDLAND ROUTE

TWO MORE PARTIES THAT ARE PLEASED WITH THEIR OVERLAND TRIPS

William Wiant, wife, daughter and son and L. A. Bogart, wife and two sons passed through here from Wilkes-Barre, Pa., on the way to San Francisco and Los Angeles. They have Bonanza sent to summer address.
Residents of Tonopah who are preparing to leave the city on their annual vacations may have the Bonanza forwarded to them at their summer addresses without any extra charge. Notify the circulation department when the change is desired and the paper will be forwarded promptly. Subscribers should advise the Bonanza of their return to the city so that the paper may be delivered at their home address.

TRAIN PLUNGES OVER BRIDGE INTO GULCH

THREE TRAINMEN KILLED AND ENGINE AND CARS SMASHED IN LONG FALL

(By Associated Press.)
DALHART, Texas, July 20.—A 200-foot plunge into a gulch near here killed three trainmen and smashed an engine and ten loaded cars of freight. The train ran through a bridge over a gulch.
It started on the 21st of June and found the roads to be fine through Nevada and parts of Utah. In the mountainous section they were rather rough and they made slow time. Mr. Bogart and family are traveling in a Ford while the others are in a Palmer.
Mr. and Mrs. Heatherly arrived late this afternoon in a Ford from Newcastle, Colo., on their way to Los Angeles and San Francisco. They intend to return by the northern route. They started on July 11. Neither party has had any accident or engine trouble during the entire journey.

INJUNCTION CASE IS BEING ARGUED

EXTENSION VERSUS WEST END COMPANY

AFFIDAVIT SHOWING DEFENDANT'S POSITION SERVED ON PLAINTIFF

In the district court before Judge Averill argument was begun this afternoon at 3 o'clock on the injunction proceedings in which the Tonopah Extension Mining company is plaintiff and the West End Consolidated Mining company is defendant. This is on motion by the plaintiff to make permanent the restraining order issued several days ago by the court, which prevented the defendant from continuing its work an additional fifteen feet, which would cause it to break into the slope of the plaintiff.

A lengthy affidavit by General Superintendent J. W. Chandler was served this morning by defendant upon the Tonopah Extension. It sets forth defendant's side of the case. In the argument this afternoon the plaintiff asks that the injunction be made permanent and the plaintiff prays that it be annulled and that defendant be given the right to continue work and to make inspection and survey of workings on the Tonopah Extension side of the line.

WIRE ENTANGLEMENTS CUT BY CHEMICALS

GERMANS USE METAL-DESTROYING LIQUIDS ON THE WESTERN FRONT

(By Associated Press.)
DUNKIRK, France, July 20.—The Germans are now using a metal-destroying liquid on the western front, similar to that which they have used for some time against the Russian wire entanglements. The liquid is contained in a cylinder under high pressure. The cylinder is carried on a soldier's back like a fire extinguisher; the turning of a lever releases the liquid, which is thrown in a stream about ten feet against the barbed wire, burning it through more quickly than wirecutters could sever it.

COLMAR BOMBARDED BY FRENCH PLANES

(By Associated Press.)
PARIS, July 20.—A squadron of six French aeroplanes bombarded the station at Colmar, the capital of upper Alsace. The aeroplanes returned undamaged.

A CHANGE IN VERBIAGE

In yesterday's Bonanza the report of Judge Averill's ruling in the case of Tanager vs. Bacon the expression "who was run into by Bacon's auto," did not occur in the court's ruling. The plaintiff was run "into" instead of "over," which is considered a material difference.

Chinese Flood Loss Appalling

(By Associated Press.)
WASHINGTON, July 20.—Between 80,000 and 100,000 lives have been lost in the floods in the vicinity of Canton, according to a cablegram from Peking.
Consul General Cheshire has appealed for all the assistance possible from the navy department.

PROGRESS IN BIG GERMAN DRIVE MADE

Ostrolenka Taken by Teutons

ADVANCE LINE WITHIN A FEW MILES OF RIGA—MANY PRISONERS TAKEN BY GERMANS AND AUSTRIANS

(By Associated Press.)
BERLIN, July 20.—Further progress in the great German drive toward Warsaw from both the north and the south, is announced. The capture of Ostrolenka, sixty miles north of Warsaw, is reported. In the south the Russians are retreating. The Germans claim to be within a few miles of Riga. Austro-German reports say that 45,000 Russian prisoners have been taken during advances in the different sections.

FINDS OBJECTION EARLY MARRIAGES

DECLARED CONDUCIVE TO IMMORALITY

C. L. REDFIELD SAYS THAT SUCH UNIONS WORK INJURY ON THE HUMAN RACE

(By Associated Press.)
SAN FRANCISCO, July 20.—Contrary to popular belief that early marriages are particularly conducive to morality, C. L. Redfield of Chicago, addressing the International Purity Congress here today, declared that they were more conducive to immorality.
The biographies of the great men of the world, particularly the moral and religious reformers, furnished evidence, he said, that great men were the sons of old parents who had done much work. Confucius, who was born when his father was 71 years of age; Buddha, whose mother was 45 when he was born; Moses, whose three generations of ancestors spanned 185 years; and King David, who was the son of Jesse's old age, and who became the father of Solomon when 52 years old, were some of the instances he cited.
In contrast, in this age, in this country, he pointed to the widespread practice of marrying young—so young that in many states grooms in knickerbockers and brides in short dresses were even recognized by law, and said:
"I say to you, positively, that these child marriages are laying the foundation for new sources of vice and crime. A campaign of education on the question of early marriages is urgently needed."

BODY HORRIBLY MANGLED
Joseph Murphy was caught in a belting at a mill at Masonic on Thursday and instantly killed. Both legs and an arm were severed from his body. The remains were taken to Carson yesterday.

SIDEWALK COMPLETED
The concrete sidewalk extending from Everett street to Cross avenue will be completed today. The men will then tackle the job at the depot. New ties have been installed and everything is ready for the laying of the concrete.

Extension Co. Ships Bullion

The Tonopah Extension Mining company today forwarded by Wells-Fargo thirty-five bars of bullion, the product of two weeks' run in the mill. The bullion weighed 67,400 ounces and was worth \$37,500.

COST OF WARRING IS EMPHASIZED

\$17,500,000,000 IS A YEAR'S AVERAGE

REVOLUTION WAS FOUGHT FOR THE MERE PITTANCE OF \$140,000,000

(By Associated Press.)
PORTLAND, Ore., July 20.—The high cost of warring, when the campaigns of Washington are compared to the European conflict, was emphasized in the report of the registrar general of the Sons of the American Revolution at the first day's session of the society's twenty-sixth annual convention here.

Thomas Jefferson, he said, reviewing the finances of the revolution, estimated the cost of the war at an average of \$17,500,000 a year. That sum now is scarcely more than Great Britain's war cost for a single day. The total cost of the revolution—approximately \$140,000,000 covering a period of eight years—is less than the total cost of the European war for a month.

SUFFERING CAUSED BY INTENSE HEAT

(By Associated Press.)
CAIRO, July 20.—The excessive heat at Kartoum, where daily maximum temperature of 110 degrees lasts for some weeks, caused directly the death of some members of the City of London regiment stationed there. Now, periodic dust storms rage in the Sudan to add to the miseries. When the storm is in full blast, neither man nor beast can stand up against it. It is recorded that in 1897 an entire convoy was suffocated by one.

RUSSIAN STEAMER SENT TO BOTTOM

(By Associated Press.)
LONDON, July 20.—The Russian steamer General Radetsky has been submerged. The crew was rescued.

HOW THE WOMEN SUFFER

(By Associated Press.)
BERNE, Switzerland, July 20.—The use of ears of corn for trimming ladies' hats or for preservation in the form of ornamental bouquets has been prohibited in the grain growing districts of Austria by official decree.

HIS CONDITION SERIOUS

The condition of Dave Press, the piano player at the Butler theater who was recently operated upon for appendicitis, is still very serious. He is very weak and it may be some days before he takes a change for the better.

LEE ROGAN and Russel Forman left this afternoon in the auto owned by the latter for the hills where they will do a little prospecting for several days.

NICK ABLEMAN is planning a extensive tour of the east and will also visit the exposition at San Francisco during his vacation.

Maytorena Will Concentrate His Strength on Defense of City of Nogales

(By Associated Press.)
DOUGLAS, Ariz., July 20.—Nacozari, Cuppas, and Pilaes, all in Sonora, have been captured by Carranza troops, according to a dispatch. General Calles, the Carranza leader in Sonora, has wired the news of another victory over the Villa forces at Villa Verde. He said he planned to continue to lay siege to Nogales, the headquarters of Maytorena, the Villa governor. The Villa losses are given as 55 killed and 70 prisoners.

MAYTORENA WILL TAKE THE FIELD

(By Associated Press.)
NOGALES, July 20.—Governor Maytorena denies that his forces were defeated by Calles at Villa Verde. Instead, he claimed a victory, declaring that his opponents lost heavily. Maytorena said he expected to take the field himself. Meanwhile he is preparing a vigorous defense against an attack by Carranza troops on Nogales. Twenty-five hundred men are reported dispatched by Maytorena to attack the Carranza garrison which occupied Naco.

CABINET CONSIDERS NOTE TO GERMANY

(By Associated Press.)
WASHINGTON, July 20.—President Wilson laid before the cabinet today an outline of the new note to Germany. It was the first cabinet meeting in a month. The secretaries, returning from different sections, brought to the president their views of public sentiment. Generally it is for taking a firm stand.

PRESIDENT APPROVES DRAFT OF NOTE

(By Associated Press.)
WASHINGTON, July 20.—The president and cabinet have approved of the final draft of the note to Germany. The cabinet officers refuse to discuss the contents. It will be ready in a day or two for dispatch to Berlin. Publication will be withheld until the note is received in Berlin.

DIAMOND OUTPUT STOPPED BY WAR

AMERICA NOW THE CHIEF PURCHASER

GERMAN SYNDICATE FINDS ITSELF IN POSSESSION OF STORE OF PRECIOUS STONES

(By Associated Press.)
LONDON, July 20.—One German industry that the British blockade is unable to touch relates to diamonds. When the war broke out, a German syndicate found itself with a stock of rough diamonds worth over \$7,500,000, which had been bought in German Southwest Africa. This syndicate now hires expert Belgian cutters at low wages and disposes of the stones in the United States by way of Holland. The United States is now practically the only country buying diamonds, and the market there seems as brisk as ever.
Production of stones has practically stopped, since the mines in South Africa are closed down, their engineering staffs have disbanded and native laborers repatriated. It will take a long time after peace is declared before the industry is restored to its old proportions.

SOUTH WALES COAL STRIKE IS SETTLED

(By Associated Press.)
LONDON, July 20.—The South Wales coal strike is settled. The agreement to end it was reached this afternoon.

A GAUDY FIRE HOUSE

The exterior of the Tonopah fire house has been completely renovated and is very attractive. The color scheme is of green and yellow. The roof is stained with red and the huge ball on top of the flagpole is gilded with gold.

PRIZE COURT WILL CONDEMN SHIPMENTS

(By Associated Press.)
LONDON, July 20.—A large part of the American cotton held up by England will probably be condemned by the prize court. This is indicated by government reports.

SACRAMENT OF BAPTISM

Two babies were baptised by Rev. Father Dias at St. Patrick's church the last two days. On Sunday afternoon at 5 o'clock Miss Georgia Ann Finn, born on the 14th of June this year, received the sacrament. The sponsors were G. Downey and Ursula Finn. Yesterday afternoon at 5 o'clock John Wood Flint was bestowed with the grace by Father Dias with John W. O'Neill and Mrs. Mary G. McNamara acting as sponsors.
